Here are comments from NorthCountryNow.com visitors:

I always get on NorthCountryNow.com to check to see what is going on. I think it is wonderful to have a web site that is local and it tells everything that is going on in the county

It really is a one-stop spot for area news. North Country Now highlights many area news items and has great local photos. It is updated regularly throughout the day so it is easy to keep up with what is going on.

It contains everything I need to start my day. Great job everyone!

I usually get my news on the web. Local news first, then on to national and world. NorthCountryNow is the easiest way to get an overview of what's happening.

It is instant, pertinent information about current events in the area where I live. I also enjoy the locally submitted photos you display on the page.

I think you are doing a great job! You offer so much in an organized manner.

Best local web site I have seen. My first website I look at is New York Times and then NorthCountryNow. By far, two of the best out there.

I love the site...keep it up!

North-CountryNow.com gives me everything all at once with quick easy links to access other information like more details on the news, jobs/obituaries/movies/entertainment

Awesome web site!
